- Use **Academic Organization** to view all classes that are associated with a department, for example selecting “Art” will return classes in ART and ART& (CCN). Note that all courses without the & will be listed first, then those with the & will be listed after, regardless of the catalog (course) number. Note in the example below, ART& 100 is listed AFTER ART 242 in the search results.

*What are CCN courses? Common course numbered (CCN) courses allow for easier transfer between colleges and are noted by an “&” after the department name.*
